Professional Summary

Passionate and detail-oriented Web Developer with hands-on experience in building responsive web and mobile applications using React.js, React Native, JavaScript, HTML5, CSS3, and modern frontend technologies. Skilled in developing scalable full-stack applications, REST API integration, UI/UX-focused interfaces, and real-world problem-solving solutions. Experienced with Git/GitHub workflows, frontend architecture, and collaborative software development through internship and project experience.

Technical Skills

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, React Native, Tailwind CSS, Responsive Web Design, REST API Integration

Backend Development: Node.js, Express.js, MongoDB (Basics)

Programming Languages: Python, Java, C, C++

Tools & Platforms: Git, GitHub, AWS (Basics), VS Code, Postman

Experience

Software Engineering Intern

Nov 2024 – May 2025

GND Solutions India Pvt. Ltd.

- Completed industry-oriented training in JavaScript, React.js, and AWS fundamentals.
- Developed reusable and responsive frontend components using React.js.
- Worked on scalable UI architecture and frontend optimization techniques.
- Collaborated using Git and GitHub workflows in a professional development environment.
- Improved debugging, problem-solving, and application development skills.

Projects

1) Hostel Management System

Technologies: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Developed a full-stack hostel management web application for managing student accommodation and administration tasks.
- Implemented secure admin and student login systems with authentication features.
- Built modules for room allocation, complaints management, attendance tracking, and fee management.
- Designed responsive dashboards and modern UI components using React.js and Tailwind CSS.
- Integrated REST APIs for dynamic data handling and real-time updates.

2) Crowdsourced Civic Issue Reporting System (Smart India Hackathon Project)

Technologies: React Native, React.js, Tailwind CSS, GitHub

- Developed a civic issue reporting application enabling users to upload issue images, descriptions, and live locations.
- Integrated geolocation and interactive map functionalities using react-native-maps.
- Built an admin dashboard for issue monitoring and management using React.js and Tailwind CSS.
- Implemented responsive user interfaces and collaborative Git-based workflows.

3) AI Resume Analyzer Web Application

Technologies: React.js, Node.js, OpenAI API

- Developed an AI-powered web application that analyzes resumes and provides improvement suggestions.

- Implemented resume upload and text extraction functionalities.
- Integrated AI APIs for resume evaluation, keyword analysis, and ATS optimization suggestions.
- Designed a clean and responsive UI for better user experience.

4) E-Commerce Web Application

Technologies: React.js, Node.js, Express.js, MongoDB

- Developed a responsive e-commerce platform with product listings, cart functionality, and user authentication.
- Implemented product search, filtering, and category-based browsing features.
- Built REST API integration for product and user management.
- Designed reusable frontend components and optimized application performance.

5) Automatic Message Sender (AMS)

Technologies: Python

- Developed an automated WhatsApp messaging application using Python automation libraries.
- Implemented scheduled messaging functionality using the datetime module.
- Automated browser-based message delivery through WhatsApp Web.
- Created a simple graphical interface using Turtle Graphics.

Education

B.Tech in Computer Science & Engineering (Pursuing)
GITAM Deemed to be University

2025 – 2028

Diploma in Computer Science & Engineering
Loyola Polytechnic College
Percentage: 96.30%

2022 – 2025

SSC (10th Standard)
Sree Swamy Vivekananda English Medium High School
Percentage: 93.8%

Achievements & Strengths

- Smart India Hackathon Project Participant
- Strong problem-solving and debugging skills
- Good understanding of frontend architecture and responsive UI design
- Passionate about full-stack web development and scalable applications
- Quick learner with adaptability to modern technologies and frameworks
